COMMITTEE REQUESTS

Service on a MIAQC Committee is an excellent opportunity to network with other IAQ professionals and further your own personal knowledge of IAQ issues and concerns. Whatever your interest or expertise, one of the following committees could use your help. Please indicate on which Committee you would be willing to serve, and you will be appointed at the next regular meeting of the Board of Directors. Many Committees do conduct their business via conference call. (Reminder: Committee notices go out by e-mail - please let us know of an e-mail address where you can be reached.)

_____ **Education Committee** (develops educational opportunities, including the breakfast seminar series and annual conferences.)

_____ **Best Practices Committee** (develops consensus "best practice" recommendations for identification and remediation of IAQ problems and issues.)

_____ **Public Policy Committee** (Monitors/responds to IAQ concerns in the public arena, develops internal and external council policy.)

_____ **Communications/Public Relations Committee** (electronic newsletter, development/maintenance of web site, Council public relations.)

_____ **Development Committee** (research and secure funding sources to sustain the Council's activities.)
